Ramblers Show Superiority In Winning 6-4 Over Olds Elks Here Sunday

Reporting on these hockey games played by our local Ramblers is a little tough at times, but this week we do it with a smile.

Scores of games since our last issue were as follows:

Red Deer 10, Didsbury 1.
Olds 7, Didsbury 6.
Didsbury 6, Olds 4

The last mentioned score is the one a lot of fans have been waiting for, for some time. (Your writer must be included in that category).

In the Red Deer game the ice must have been a little too slick for our hds. We didn't see it, but hearing about it was enough. The score will indicate that.

Last Thursday night at Olds the Ramblers were able to build up a 5-2 lead, only to see it disappear in the late stages of the game. It seemed to many onlookers that the staying power wasn't there.

However, on Sunday afternoon, after dropping behind two goals, the locals put on that extra spirit that is needed in any competitive sport, and punched in four unanswered goals in the final period.

The score was tied 2-2 at the end of the first period. Elks lead 4-3 at the finish of the second. The visitors extended themselves but Ramblers decided they too should be in the game. Two goals by Smith and one by McMillan on an empty net, decided the issue.

We need not repeat the final score, someone made a mistake and set it above.

From the Sidelines:
The ice on Sunday afternoon was certainly not the best sheet in the world to play hockey on, but seems like both teams were playing under the same conditions. Let's not hear too many alibis from the losers on that angle. After all, we could beeb about the ice in Olds being too slick. We have a faint recollection that it was just that we not too long ago. We refuse to repeat the score.

There is always that question that comes up about a good sport and a poor one; a good loser and a poor one. Sunday's exhibition here, on the part of Olds fans who we don't even know brought the question to our mind again. We speaking personally are in the habit of cheering our club, win or lose, but it seems that fans from our northern suburb can't take a loss. The remarks we made, the remarks given, were largely in fun, but there were some looks and remarks that have no place in sport; if you can't lose gracefully let's not play the game.

Lone Pine W.I. To Aid Cancer

February ninth, the Lone Pine W.I. met at the home of Mrs. C. Ehret. Twelve members and five visitors were present. Roll call was answered with a bar of hand soap for the Didsbury Hospital.

The Lone Pine Institute will be canvassing the district in aid of the Canadian Cancer Society in the near future. Mrs. O. Schneider and Mrs. O. Milne will be attending the Cancer Workshop in Calgary on Feb. 22. A donation of \$10 was made to the Polo Fund. A dance is planned for March. The date will be announced later. A bazaar is to be held later on this year. All members are asked to turn in favorite recipes soon as these will be compiled into a cook book. A whist party will be held at Mrs. C. Ehret's Feb. 15th and one at Mrs. Pete Neufeld's on March 2nd.

Mrs. E. Dowell held the contest, with Mrs. P. Neufeld the winner. The 10 cent draw was won by Mrs. C. Clark. Miss Siebert read the Educational Report which was prepared by Mrs. H. Shuels. A study of the Blue Book was begun.

The March meeting will be held at Mrs. O. Schneider's on the 9th. Ladies don't forget your homemade hats on this date.

I.O.D.E. Reports Successful Year

The annual meeting of Monks Chapter, I.O.D.E., was held Feb. 10, and the following is the slate of officers for 1933:

Honorary regent, Mrs. A. R. Kendrick; regent, Lucille Shannon; second vice-regent, Mrs. Vera Asquith; secretary, Mrs. Mabel Marquardt; treasurer, Mrs. Hazel Nichol; educational secretary, Mrs. Audrey Evans; standard-bearer, Mrs. Beeta Gillrie; Echoes and publicity, Mrs. Grace Ford; empire and world affairs, Mrs. Ethel Robertson; services home and abroad, Mrs. Nancy Freeman; refreshments committee, Mrs. Anna Johnson; entertainment convener, Mrs. Marjorie Allen; membership convener, Mrs. Mary Wordie. A very successful year was reported, with all necessary contributions being made to the provincial and national funds.

A donation of \$35 was made to the Lions Club in appreciation for the use of the hall; \$25 each was donated to the Korean project and the Ontario Flood Relief. A \$50 scholarship was awarded Miss Beverly Virginia, and a small donation to the Didsbury delegate to the United Nations school.

The canvas and tag day for the C.N.T.B. netted \$398.75. A food hamper and used clothing was sent to local welfare work. Two quilts were sent to Korea and 12 nursery bags to the Queen Elizabeth hospital in London. Supplies were sent and sent to the local hospital nursery. Two food parcels were sent to our Old Age Pensioner in England. Flowers and cards were sent to several sick members during the year.

Proceeds from the arena concession and catering to the firemen's banquet swelled the funds.

Mons Chapter again won first prize for its scrap book. A very educational year was also reported. Mrs. Robertson gave monthly reports on the empire and world affairs. Mrs. Evans kept the chapter up to date on education, and Mrs. Ford Echoes, Mrs. Asquith on current events and the work of the Queen Elizabeth hospital in London. Mons Chapter attended church service in commemoration of Pioneers Day. A memorial service was attended in November and a wreath was placed.

At the close of the meeting the retiring president, Mrs. Harriet Lenchington was presented with an I.O.D.E. sterling silver spoon in recognition of her three years of splendid work as regent.

Curling News - -

Bankers' bonspiel, comprising rinks from Aldrie to Innisfail, was held on Didsbury ice last Saturday. The Olds rink, skiped by A. King, came out on top, with the consolation going to Mr. A. Douglas of Crossfield.

In the recently completed ladies' bonspiel Mrs. Joyce Mullen was the winner of the first event; 2nd was Mrs. Bellamy of Cremona; 3rd, Mrs. Clark; Carstairs; 4th, Mrs. Aarsby; Carstairs.

Second event: 1st, Lois Shields of Didsbury; 2nd, Merle Seibert, Midway; 3rd, Mrs. Dodd, Reed Ranch; 4th, Lyla Tugde, Didsbury. Third event: 1st, Anna Shannon, Didsbury; 2nd, Mrs. W. McCoy, Didsbury; 3rd, Mrs. W. J. McCoy, Didsbury; 4th, Didsbury high school.

The electric hand mixer which was raffled was won by Mr. Calvin Stannard. There were 15 entries in the bonspiel.

DIDSBURY CURLERS WIN SPRING
Anytime we can beat Olds it's good, and that is just what a band of curlers from here did last Wednesday in the 10th weekly bonspiel held in Olds, with a full complement of 16 rinks.

Frank Nundahl, Fred Evans, Herb Sinclair and Ray Campbell were the shotsmiths that turned the trick, defeating the Bill Hunter rink of Olds in the final. (This we love.)

Miss Creta Kershaw of Innisfail spent a couple of days last week at her home here.

OLD SCHOOL DIVISION HOLDS ANNUAL MEETING LAST FRIDAY

The regular meeting of the Board of Olds School Division No. 31 was held in the divisional offices on Monday, Feb. 7. Final arrangements were made for the joint annual meeting to be held February 11th in the Didsbury school auditorium.

At the annual meeting the auditors' financial statement for the year ending Dec. 31, 1932, was read, fully discussed and approved.

It was announced at the meeting that the trustees for subdivision 5 and subdivision 6, Mr. R. Rankin and Mr. T. Morris respectively, had been returned to office by acclamation.

School business for the past year was discussed in detail and a vote of thanks was tendered to the board for the fine job they had done.

Glancie at an old issue of The Pioneer it is interesting to note that Mr. Morris first went on the board in 1941. At that time he polled 90 out of a possible 192 votes. He has been on the board continuously since that time, making a total of 14 years, and is just starting a third term as divisional board trustee. Mr. Morris has served as chairman of the division for the past two years. Now returned by acclamation, Mr. Morris at the end of his new term will have the enviable record of having served the public for a total of 17 years in this capacity.

WESTCOTT NEWS

(From Our Own Correspondent)

Mr. and Mrs. Earl Klinek and family were pleasantly surprised on Wednesday evening last when a large group of friends and relatives gathered to give them a "House Warming" party. Mr. and Mrs. Klinek have just recently moved into a new, well built beautiful home on their farm. Mr. Cliff Murphy on behalf of the group presented them with a lovely occasional chair in the popular mushroom room, for which both Mr. and Mrs. Klinek thanked everyone. Lunch was served, thus completing a lovely evening.

Another evening of fun for all was held at the school on Friday night under able direction of the Westcott Community Club when cards and croquet were played. In the cards - whist - ladies list went to Miss Sandra Whistler, 1st for the men - Delbert Larson; Consolations - Miss Marian Whistler and Master Howard Whistler.

Mr. and Mrs. Ernie Tucker and family returned from San Francisco, Calif., were supper guests on Saturday evening last with the latter's aunt and uncle and family. Mr. and Mrs. Otto Polkman.

Mr. Les Goodrich has been on the sick list for more than three weeks now. Les hopes to enter the hospital soon for an operation.

Mr. Linden Jacobson is presently employed in the west country in a lumber camp.

We are glad to hear little Mickey Baudistel is feeling much better. Mickey ran a fever in his foot causing the infection to go through his body.

Mr. Wiebert Papke and Mr. G. Wagner of Big Prairie, were visitors at the Herbert Goetjen home on Wednesday evening, as were Mrs. Lena Sanderson and Mr. Chas. Brown.

There will be a dance at the Westcott school on Friday, Feb. 24th, under the auspices of the Westcott Community Club.

Friends of Mr. Harry Levagood of Didsbury and formerly of Westcott will be sorry to hear that he is very ill and is being sent to Edmonton for further treatment.

SPRINGSIDE NOTES

Mr. and Mrs. W. G. Thibault and Mr. and Mrs. Lawrence Chandler were recent supper guests at the home of Mr. and Mrs. C. Roth.

The Springside ladies' meeting will be held Tuesday, Feb. 22 at the home of Mrs. Bill Collins.

Mr. and Mrs. Art Taylor and family of Acme were last Sunday evening supper guests at the Bill Collins home.

Sympathy of the district is extended to the Chamberlain family on the passing of Mr. Chamberlain's sister, Mrs. Wm. of Olds.

Don't forget the card party this Friday at Tobler's.

Thinking of future—Joe DiMaggio, career, Now 40, and away from baseball with grey, is in the ball four years the former Yankee reflective mood as he tells newsmen he wants to stay in California where he is waiting for the right job to his 13-year-old son Joe Jr. attends come along before starting another school.

Over Expenditure In Waterloo M.D.

Terminating the local government in another small municipal area, the annual statement of the former Municipal District of Waterloo was completed ready for mailing to the ratepayers of that area last week.

The statement will be the last link that former ratepayers had with a municipal area that handled their needs and wishes for the past number of years and marks the closing of the area known as Waterloo Municipal District No. 56 part of the area lying west of Olds and north to the James River and south to the fringe of the L.I.D. will be absorbed into the larger M.D. of Mountain View.

The most outstanding thing of the whole statement is the overexpenditure on public works for the year amounting to \$41,962.08. Total expenditure in this apartment was \$94,412.08.

Receipts on account of taxation for the year 1954 were \$54,005.15. Road Grants amounted to \$31,534 and Municipal Assistance Grant of \$25,808.47.

The municipality goes into the areas concerned with fixed total assets of \$55,997.28 most of which is represented by road machinery equipment amounting to \$455,873.66. In addition to other assets amounting to \$62,975.28. Of this amount taxes receivable are \$34,570.64.

Liabilities of the municipality include a \$30,000 loan and machinery notes for \$15,000.00.

Resident farmers in the district are 450 with an estimated population

CHRISTIAN SCIENCE

God's infinitely wise and intelligent government of the universe, including man, will be brought out at Christian Science services this Sunday. Key-note the Lesson-Sermon entitled "Mind" is the Golden Text from James 1:5: "If any of you lack wisdom, let him ask God, that giveth to all men liberally, and upbraideth not; and it shall be given him." From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be among those read (215:12): "Whatever is governed by God is never for an instant deprived of the light and might of intelligence and life."

"Happy is the man that findeth wisdom, and the man that getteth understanding."

It is estimated that about \$3,145,100,000 was spent on national and local advertising in the United States in 1954.

over the whole area of 1700. There are 248 miles of roads in the district, 91 of which are gravelled.

The passing of Waterloo municipality from the picture as an integral unit of municipal government is one of the many that are going in favor of larger areas. The autonomy of the people in the small community is being sacrificed for larger areas and what is hoped will be more efficient administration. It will take years to estimate the value of the larger area. Certainly the loss of local government is some consideration.

Attention Parents! An Older Firm!

SALK POLIOMYELITIS VACCINE

It is probable that some Salk Vaccine, as was used in the field trial last year, will be available for the inoculations of children who will be starting school in September of this year.

This vaccine is still being used on an experimental basis, as the results of last year's trial may not be known until after the new vaccinations have started in early April. However, this year, only the vaccine will be used. NO ineffective substitutes.

If you have a child who will be starting school this year, and whom you want to receive the vaccinations, will you please notify the Mountain View Health Unit, Didsbury and obtain the necessary consent forms.

It must be pointed out that there is not likely to be enough vaccine to inoculate all children for whom a request is completed, the quantity that will be available is not definitely known and depends largely on the demands from other groups of children who have priority.

SAVES CAR BATTERIES

On stormy, snowy nights, when you are driving slowly, with your car's lights and heater on, your battery is bearing a terrific load. Sometimes it gives out under the strain. This is because it is generated by direct current. Soon there will be an alternating current generator available at low cost. It's said to be able to deliver almost a third more power and to be able to take care of all demands at low levels.

The leading citizens had gathered at a luncheon to pay tribute to one of the city's first businesses, which was celebrating its 75th anniversary, and whose top executives were the guests of honor.

After an introduction down the line, the master of ceremonies extolled the history and contributions of the firm to the community. He finally pointed out that the many years had proved the soundness of this particular business and the verity of its products.

"Seventy-five years is a long time," he concluded. "Is there anyone else present who represents a firm which has been in existence that long?"

A minister rose quietly, saying: "I have that honor, sir."

The man who ridicules a woman trying to drive through a 12-foot garage door usually sobers up when he tries to thread a needle.

A customer looking over some baby things in a store, was approached by a clerk.

"Are you expecting?" the clerk asked hopefully.

"No, I'm not expecting," she snapped. "I'm sure."

QUESTIONABLE REWARD

There is a foolish story about a man who stretched a taut wire between two posts in his back yard. Evening after he practiced pushing a wheelbarrow over the precarious strand, explaining to the neighbors that he was determined to push a wheelbarrow across Niagara Falls. The laughter of the neighbors became louder as each evening they watched him topple off his wire, only to get up and try it all over again.

On one occasion a young woman, a stranger to the neighborhood, noticed the display. Learning the intent of the man and moved by the ridicule he received from his neighbors, she exclaimed with sympathy, "Don't let the laughter of your friends discourage you. With your determination and patience, you can do it. I know the day will come when, stretched above the Niagara gorge, you'll push your wheelbarrow across."

Peace, the man cried. "Do you mean it? Do you really think I can?" "I know it as sure as I'm standing here. With all my heart I believe you'll accomplish your purpose."

The young lady undoubtedly was not fully prepared for the reply: "I can't tell you what this means to me. You're just the person to share in the glory of my achievement. You see, I'm looking for someone to sit in the wheelbarrow while I push."

Notes From D.A.

By HOWARD J. FULCHER

Seed Grain is available through the seed firms in this province now. The Department of Agriculture is assisting in the distribution of seed to farmers of areas where seed demand is high. The government of Alberta has provided storage bins with a total capacity of approximately 100,000 bus. There are a number of areas which are classed as distress areas. This indicates no seed and no cash to purchase seed. A policy has been established whereby farmers can sign lien forms for seed requirements. The Mountain View Municipality is not in this class. Seed grain is now moving through the seed companies with commercial number 1 and 2 oats at approximately \$1.35 per bus., commercial barley seed \$1.50 - \$1.00 P.O.B. These prices are for truck loads.

Farmers may deliver grain in excess of quotas at elevators and purchase equal value of registered seed grain up to \$150.00 in value. This is a grain for seed exchange and orders must be placed for seed at the time of delivery to the elevator concerned. The indications at present are that there is enough seed available but the problem of distribution at seed time will be greatly lessened if the farmers place their orders with the seed trade companies now.

LONE PINE ORIOLES JANUARY MEETING

The January meeting of the Lone Pine Orioles was held at the home of Beverly Tompkins with 13 members present meeting opened as usual with songs and the creed.

Roll call was answered with an embroidered tea towel. Sheryl Shields joined as a new member. Mrs. H. Shields volunteered to help with short stories and she also offered a prize for the best made up song to some old tune.

The members were asked to visit the Barcroft Club in May. Mrs. W. Persinger and Mrs. W. Page judged the tea towels. It was won by Beverly Tompkins.

Sandra Brander got the prize for the best shade pull. Grace Weber won the 10c draw which netted \$12.70. Meeting closed with God Save The Queen and the hostess served lunch.

Through The Study Window

By REV. C. C. ARMSTRONG

I have been reading a brief biographical account of the life of William of Orange, who was a prince or leader in the Netherlands in the 17th century. Those were the days in which religion and politics were very much to the fore. It was William's religious convictions as well as his political views that played such an important part in his struggle for religious and social freedom.

Much water has gone under the bridge since those days, but it still holds true that wherever there is a scrap going on, there you will find Religion and Politics. In our day the arena of conflict is commonly thought of as political rather than religious and many look for the way out of our individual and collective difficulties by way of Act of Parliament rather than by way of Act of God.

To put it in another way, I think the majority of people are inclined to put such faith as they have in the activities of the United Nations rather than in the work and witness of the Christian Church.

In the field of religion, many conflicts have arisen over the rights of the individual to act according to his own conscience and to make up his own creed. In the political and religious world, we are faced by the fact that the doctrine that the majority has the total and only right to rule. This inevitably leads to totalitarianism.

These reflections have been stirred up by events in the political life of France and Russia. In France there has been a bewildering succession of governments in a land that is predominantly of one religious faith. How can there be such agreement on religious faith and such disagreement in politics? In Russia the basis of their action is that religion and communism are one and the same thing, because the one has swallowed the other up and is even now in the state as the cat that has swallowed the canary. There is evidence that Russia is having difficulty digesting Christianity, that the Christian Lamb is proving a difficult diet for the Russian Bear. Are the changes in leadership there indicative of a growing room for differences of opinion within that land, which would be a helpful and hopeful sign for Christians, or are they simply changes in ruling order but under the same old team. Of one thing, I am convinced, that in the confusion of our time, religion and politics are still slugging it out.

WESTWARD HO CALF CLUB HOLDS MEETING

The Westward Ho Calf Club met at the home of Mr. and Mrs. Strand on Jan. 28. Meeting opened by repeating the 4-H pledge. Roll call was answered by 11 members.

Mr. Knight or Mr. Spooner are to contact Mrs. Gilmore to see if she will make more crests. Norman Spooner then gave a very good report on management of beef cattle. It was decided to have a raffle, bingo, pie social and attempt to get a couple of films from the department of education for the evening of March 11. This is to be held in the Hartmann hall.

Siurd Bausad, Arthur Knight and Alvin Kolstad are to give reports at the next meeting, which will be held on Thursday Feb. 26th, at Mr. Rock's.

Canada has 115,000 troops on active service but here is the harsh note for the taxpayer: it takes 30,000 civil servants to administer these troops.

Promoting Better Agriculture In Alberta

Alberta's Department of Agriculture was organized when the Province was created in 1905. Its objective is the constant improvement of farming practice, so that the farmer may receive the greatest return for his efforts without impairing the soil's fertility.

The work of the department is carried on under a number of branches, each staffed with men and women having special training and experience.

The Field Crops Branch has four divisions, all concerned with better crops and the improvement of cropping methods. These are:

1. Crop Improvement: This division assembles and distributes information about crops and varieties of seed. Special emphasis is placed on forage crops. The use of better seed is encouraged and contributions are made toward the cost of municipal seed cleaning plants.

2. Weed Control and Soil Conservation: Working closely with the Agricultural Service Boards, this division strives for increased returns to the farmer through better land use.

3. Horticulture: This division includes the provincial horticultural station at Brooks and a forest nursery station at Okotoks. Information on trees, fruits, flowers, lawns and vegetables is provided, and improvement of home grounds encouraged. A tree planting program with an objective of 100,000,000 trees is well underway.

4. Crop Protection: This division seeks to control pests and diseases. Information is distributed, and active campaigns for the control of field crop insects, rat migration and livestock predators waged.

The Agricultural Extension Service Branch, through the preparation and distribution of useful information, helps farmers to improve the effectiveness of their operations. To this end the branch employs 47 district agriculturists, 16 district home economists, a staff of supervisors as well as specialists in agricultural engineering, nutrition and home design. Many thousands of public meetings, home visits and office interviews are held each year. Agricultural statistics are compiled for general use, and Alberta's Master Farm Family program honoring outstanding families in five sections of the province is conducted by the branch.

The Radio and Information Branch is responsible for the radio program "Call of the Land." Information of agricultural interest is broadcast Monday through Friday from six Alberta radio stations, and printed releases are prepared and distributed weekly to the farm press and others.

The Poultry Branch assists farmers with their poultry enterprises. Flocks supplying eggs to hatcheries are tested, and an experimental breeder farm is operated at Oliver.

The Agricultural Branch is concerned with the promotion and efficiency of bee-keeping.

Schools of Agriculture and Home Economics are operated by the department at Olds, Vermilion and Peace River. Practical two-year courses in agriculture are offered to boys and in home economics to girls. Courses start in October and continue until early April.

The Branch of Veterinary Services seeks to reduce disease losses to the livestock and poultry industries, to this end maintaining a modern laboratory for diagnostic services.

The Livestock Branch promotes better breeding in cattle, sheep and swine through the greater use of purebred stock, and encourages improvement generally through recommended feeding and management practices.

The Dairy Branch is concerned with improvement of the dairy industry from the raw to the finished product. As well as directing attention to production on the farm, this branch is responsible for dairy factory and frozen food locker plant inspections.

Make sure about your seed supply for the coming season. Good seed is at a premium this year and the price seems fairly high. But, since the supply is limited it has an effect on the price. The thing that I would like to stress is this:

Wherever you get your seed, be particular about what seed seeds are present and also the manner in which you clean this seed grain. It is good practice to get new seed occasionally from outside sources but there is sometimes the danger of getting weed seeds also of varieties that you don't already have on your farm.

A thorough cleaning through a good cleaning mill will usually take care of foreign weed seeds. An ounce of prevention in this regard may be worth many pounds of cure later on. While you are cleaning your seed it is good business to have it treated against smut and plant disease. Books could be written about the pros and cons of the various fungicides but, generally speaking, any one of the mercurial compounds, properly used, will give first class results. Formaldehyde generally is not recommended although some people still use it with fair to good results.

If you insist on using it measure carefully the amount to a known quantity of water. If applied too strong it will most certainly kill or weaken the germinating ability of the seed. You can't be too careful in selecting your seed, cleaning it thoroughly, and treating it well with a good fungicide. Follow closely the dosage rate recommended by the manufacturer. This is the cheapest crop insurance a farmer can buy.

A STOMACH-ACHE TOO!
Little Boy: "Mum, is it wrong to say Rotterdam?"
Mother: "No, that's the name of a place."

Little Boy: "Well Mary Jones ate all my candy and I hope they will rotterdam teeth!"

With Quebec the only province still unassigned to the Trans-Canada Highway agreement, some 4,500 miles of the Trans-Canada Highway are considered passable to traffic.

Dear Boss Lady..

Let's look at my TIME CLOCK

My "TIME CLOCK" is your electric meter, Boss Lady. It's as accurate as a jeweled watch. In fact, its bearings are tiny jewels. My company spends thousands of dollars for these jewels just to make sure you don't have to pay one cent more than I earn.

Yes sir, my time clock registers every second I work, and it stops the very second you turn off the switch.

There's no loading in my book. You KNOW my wages are for services DELIVERED.

So the next time you look over my time card (the electric service bill) think of all the appliances you've given me to operate and look at all the hours I worked doing it—and best of all, there's no guesswork — you know it's a bill for VALUE RECEIVED!

Suggestion Made That The Canadian Farmer May Lose Voice

During the last few weeks two agronomist forecasts of possible disaster to Canadian farmers have been published in Canada.

The first was from the vicinity of the Council of the International Wheat Agreement in London. It predicted a disastrous collapse in wheat prices unless something is done to arrange for the orderly disposal of the world's surplus wheat.

By orderly disposal it means a system of marketing under which producing farmers are required to deliver their wheat to their own governments, which will supply it to the buyers, and dispose of the exportable surplus by selling it to the governments of importing countries. These governments in turn will dispose of it to their millers and other people who may be able to use it.

The quantities sold by each importing country will all be arranged by agreement among the governments interested and the prices to be paid will be determined at the beginning of each crop year and will hold good for the whole year.

By this arrangement the proponents of the scheme hope to be able to make it impossible for the people who have wheat to sell and those who want to buy it from ever getting together and bargaining over prices or sales. Only governments will be allowed to buy or sell and they will do it in accordance with the terms of the Agreement.

Importing countries which object to paying prices set forth in the agreement are to be brought into line by explaining to them that it is their duty to the world to promote this orderly distribution of the world's food by paying prices satisfactory to the producers, and refraining from looking for bargains elsewhere.

The proponents of this proposed marketing scheme argue that it will eliminate the evil of speculating in wheat. A little reflection should enlighten them on the fact that agreeing to sell wheat at some future date at a price already set, is gambling as surely as buying options, and this is exactly what the farmers would be required to do under this scheme.

One thing this arrangement would surely do to the farmers would be to keep them in the dark as to what their wheat is really worth, for no buyer other than the government would be allowed to make them an offer.

The other forecast came from Winnipeg where the Farmers' Union, an aggressive western farm organization, was in convention and making plans to extend its membership to Eastern Canada.

The burden of this forecast was that Canadian farmers are facing the possibility of a disastrous collapse in the price of hogs unless energetic measures are taken to dispose of the 5 million hogs now in the farmers' hands, in an orderly manner

EAST NOTES

(From Our Own Correspondent)

(Intended for last week)
The next card party will be held at Mrs. Dowell as hostess at the Fred Metz home on Feb. 16th Wednesday. Evelyn Sheppard and her nephew Philip Rohl of Calgary spent a few days with Mr. and Mrs. Pete Schumaker.

Get well wishes are extended to Helen Birdale and Sam McAllister who have been sick with the flu, also to Albert Milne who is a patient in the Didsbury Hospital.

Mrs. Thomas Marsh and girls called on Mr. and Mrs. Pete Neufeld Sunday afternoon.

Mr. and Mrs. Harold Shells and family were Calgary business visitors Friday.

Mrs. Pete Neufeld and Norman and Phillip were dinner guests with Mr. and Mrs. Pete Schumaker Fri.

Get well wishes are extended to Mrs. Brander Sr. who had been under the weather for awhile recently.

Mrs. Dowell and Mrs. Albert Milne and Sharon were Calgary and Carstairs visitors recently.

Mr. and Mrs. Alfie Thompson and Beverly called on Mr. and Mrs. Pete Schumaker Wednesday evening.

Mrs. Pete Neufeld and Norman were Tuesday dinner guests with Sam McAllister and Helen Birdale.

Mr. and Mrs. Alfie Thompson and Beverly and Mr. and Mrs. Herb

by a board with full authority to direct the farmers how, when and where to deliver their hogs, and to see that they do it.

The striking feature of those two proposed schemes for marketing farm products is that they both seek to deprive the individual farmer of all voice in the disposal of his own products, and of all means of learning their true value.

The organizations behind these proposals seem prepared to go to any length to prevent the farmers from coming into contact with the people who buy their products.

Their one idea of marketing is to set monopolistic control of the products, and police control over the producers.

Ziegler and family took in the Ice Cycles on Monday last.

Best wishes are sent to the McCulloch baby and parents. The baby is a patient at the Edmonton Hospital.

Mr. and Mrs. William Schumaker and children and Mr. and Mrs. John Luft all of Kathryn were last Sunday callers on Mr. and Mrs. Stan Schumaker.

Congratulations are to be passed on to Walter McCulloch and Bruce Shells who were the lucky winners of each a calf.

Golden Jubilee

SONG WRITERS' COMPETITION and PLAY WRITING COMPETITION —

The Golden Jubilee Committee announces the establishment of a Song Writing Competition and a Play Writing Competition as part of the Alberta Jubilee activities. The purpose of the competitions is to stimulate interest in song writing and in the writing of regional drama and the production of plays written by Albertans.

Rules for Song Writers' Competition

1. Entries will be received up to April 15th, 1955. All entries must be sent to the Golden Jubilee Committee, Edmonton, in an envelope plainly marked "SONG WRITERS' COMPETITION."
2. Compositions previously published will not be eligible.
3. Open to amateur and professional song writers of Alberta. Entrants must have been resident in Alberta since October 1st, 1954, or, if not at the present time, must previously have been resident in Alberta for a period of five or more.
4. Songs may be for solo voice or unison singing as well as part-songs for two, three or four voices. If the compositions are designed to have a full piano accompaniment, this MUST be provided. (N.B. Failure to provide full accompaniment to songs requiring it will render the contestant liable to disqualification.)
5. \$750 in prizes will be awarded to the composition considered by the judges to be the best submitted. A substantial sum of money will be awarded to the most outstanding entry. In the opinion of the judges, no submissions meet the required standards no prizes will be awarded.
6. Copyright arrangements in respect of the lyrics must be made by the composer. Arrangements for permission to use the poems in the Alberta Jubilee Anthology should be made with the Publishers.
7. The manuscripts of the songs submitted must be in duplicate, must not contain any identification marks but should be accompanied by a sealed envelope containing the name and address of the composer and attached to the manuscript.
8. The right is reserved by the Jubilee Committee to edit any composition.
9. Authors desiring the return of unacceptable manuscripts please enclose a self-addressed envelope to facilitate their return.
10. The submission of any manuscript signifies an acceptance of all the rules, regulations, and conditions as above stated.
11. Members of the Committee, Judges, of the competition and their families are not eligible.

Rules for Play Writing Competition

1. Entries will be received up to June 30, 1955. Three plays will be bought at a price of \$250.00 per play and these plays will be made available to groups wishing to use them as part of the Jubilee activities free of royalty during the remainder of 1955. Inasmuch as it is desirable that plays see production during the writing, the Jubilee office will arrange that producing groups be put in touch with playwrights intending to offer plays for purchase. Playwrights planning to offer a play are asked to signify their intention by writing to the Jubilee Committee so that groups may be informed of plays in preparation. This is not, however, a condition of entry.
2. All entries must be sent to the Golden Jubilee Committee, Edmonton in an envelope plainly marked, "The Golden Jubilee Play Purchase."
3. Plays must have a playing time of not less than one hour and three-quarters but no restrictions are made as to the division of play material into acts.
4. There is no restriction as to subject matter.
5. Entrants, if not resident at the present time, must have been resident in Alberta since October 1, 1954, or previously have been resident in Alberta for a period of five years or more.
6. Plays must be unmarked and enclosed in a plain unmarked envelope. The name and address of the author should be clipped to the envelope.
7. Plays having been previously published are not eligible.
8. Plays should be typewritten, double spaced, and typed on one side of the paper; only.
9. The right is reserved by the Jubilee Committee to edit any play so purchased.

DISTRICT NEWS**M.V.B.C. NEWS**

(From Our Own Correspondent)

This last weekend has been a busy one for both students and faculty. Every faculty and staff member, with a number of students each visited all but one church appointment in the United Missionary Conference. It was Mountain View Bible College Day. Churches as far as Redwater, Acadia Valley and Calgary were visited. Mr. Harold Oke and Mrs. Alfred Snyder represented the college at Big Valley. All returned with glowing accounts of the services held and the response of the college's many friends on these fields.

The Living Endowment League has had a boost upward during the last weekend. Quite a number of people took out ten dollar units. Up to the present we have sold 170 units. We will possibly have well over 200 units sold by the time all the returns are in from the different deputations groups. Several of the business men in town have secured them also. Receipts for these can be used for income tax purposes.

This coming week the college will be a busy place indeed. The annual Youth Fellowship convention of the church will have its headquarters here, and we are expecting a large number of young people to be with us at the time. Rev. G. Geiger of Indiana will be the speaker. On Sunday next there will be a large rally in the local church. You are invited to attend.

Mr. Lusk is working hard with his community choir. We believe that in the spring this choir will put on the best concert yet given. All the members are quite enthusiastic over the selections that are being studied. Mr. Edward Widmark teaches organ in Canadian Nazarene College each Friday during the remainder of the winter. That college has acquired a splendid organ for the chapel of the school. Mr. Widmark is an organ teacher as well as piano. Mr. Eldon Boettger, who has been in the college taking selected courses during the winter, has been called to do deputations work in the Ontario conference. He will be leaving the campus within a couple of weeks. We will miss him greatly, for he has been a dear friend here, and has brought inspiration for missions while on the campus. Mrs. Boettger will remain here until spring.

THE LAST STAGE

The traditional object of war has been to destroy an enemy's will to resist. In primitive times, this was simply a matter of two fairly small armies lurching away at each other until one ran away; the army with the will. Then as we became more civilized, we found it necessary to arm nations, which meant that we had to force civilization as well as soldiers to accept defeat. Now we have reached the point where we are able to contemplate the destruction, not merely of will, but of the entire enemy — bodies, buildings and everything else. The catch, of course, is that there will be such a foul mess afterwards that we will not be able to survive ourselves. Consequently, we are almost at the final stage in the logical development of war: total victory that cannot be distinguished from total defeat. —Saturday Night

WEST NOTES

(From Our Own Correspondent)

The Rugby W.I. held a whist drive Tuesday of last week at the home of Mr. and Mrs. Alfred Cowitz, with 5 tables in play. Honors went to Mrs. P. Hosegood and Mr. W. Hunsby, consolation to Mrs. R. McNaughton and travelling prize to Mrs. J. Bagshaw.

The Elktion Willing Workers held their February meeting at the home of Mrs. Arnold Blain on Wednesday last. It was decided to hold a whist drive at the home of Mrs. C. Byrt on Wednesday, Feb. 23, in aid of the cancer drive.

As no one was able to attend the cancer meeting on Feb. 22, Mrs. P. Hosegood, the Rugby W.I. delegate, will be asked to give a report at the next meeting, which will be at the home of Mrs. C. Byrt, with Mrs. J. Bagshaw as co-hostess.

Eight tables of whist were played at the home of Mr. and Mrs. Arnold Blain Wednesday evening, when friends surprised them at a housewarming. Good wishes and a purse of money were given to the honored couple and lunch was served.

A ladies' rink from Elktion went to the Cresona Women's Bonspiel Friday and Saturday and came home with 3rd prize in the first event. Mrs. Arnold Hogg, skip, Mrs. Gordon Bebbus, Mrs. Frank Herbert and Mrs. Elwood Scott comprised the rink. A rink also went to Eagle Hill for the one-day women'sspiel Saturday and returned with 1st prize in the second event. They were Mrs. Harold Erickson, skip, Mrs. Pete Luft, Mrs. Pat Drummond and Mrs. Charlie Byrt.

Miss Linda Hosegood was home from Red Deer over the weekend. Mr. and Mrs. P. Luft and Mr. and Mrs. Arnold Hogg were supper guests on Sunday with Mr. and Mrs. Gordon Befus.

Baby Lewis was able to return home from hospital on Wednesday after a stay of several days, suffering from bronchial pneumonia.

Mrs. K. Barnard was called to the west coast last week because of the serious illness of her father.

Mr. L. Banting was home from the oil rig over the weekend.

We are pleased to report that Mr. Orville Blain is much improved in health.

W.C.T.U. HOLDS
JANUARY MEETING

The February meeting of the Women's Christian Temperance Union was held at the United Missionary Church recently. A goodly number of members were present, accompanied by husbands and friends.

This being the Francis Willard memorial meeting, it was more social and educational than the regular sessions.

After a pleasant session of games of skill, Mr. Franklin Lusk, music director of Mountain View Bible College, led in a number of choruses and hymns.

Later he sang a solo, and was accompanied by his wife in a duet. Mr. J. Adam gave a recitation and Mrs. Ray Shantz a poem.

Mrs. I. Stauffer gave a talk on the life of the founder, Mrs. Frances Willard. As a child she had sympathy for any life that was oppressed. The Negro slaves caused her to realize that many are slaves to drink, smoking, etc.

The president, Mrs. Arthur Eby, thanked all for their presence. She explained the scope and workings of this world-wide organization.

J. Hopper thanked the ladies on behalf of the men and then sang a lovely song, accompanying himself on the accordion.

This is the second year that little money bags for birthday offerings have been given out. The result was surprising, as it appears there are some members who are quite old.

BERGEN NOTES

(From Our Own Correspondent)

An enjoyable Valentine party was held in Bergen school when mothers and pre-school children were guests of Mrs. Halverson and her pupils on Friday afternoon. There were contests, games and a peanut scramble, followed by a delicious lunch.

The Young People's choir were entertained at the home of Miss Frances Ellis Friday evening.

Axel Nielson has sold his Bergen holdings and will move in the spring to his recently-purchased farm south west of Didsbury. In the meantime the new owner has been clearing a large portion of land on the aforementioned farm. The new owner is Mr. Lamb from Calgary, who previously purchased the Royal Cook ranch.

Mr. and Mrs. Royal Cook, who have been holidaying in Ontario, and the U.S., are expected to return to Bergen shortly.

Snowstorm crews have been very active in the district this winter. They have dozed out road allowances and have drilled test holes in places where snowdrifts are common.

The heaviest snowfall of the season occurred at the beginning of the week but is quickly disappearing with the present chinook.

TO GREATER PROFIT
The key to greater profits from crop production is to grow more bushels of high quality grain on each acre and thus reduce the cost of producing each bushel. The yields of your crops can be increased by fertilizing your crops with Elephant Brand high analysis fertilizers!

Let us tell you about the other advantages that can be yours from fertilizing your crops.
Order your Elephant Brand Fertilizer now — Take delivery early, so that you will have it home before the roads break up in the spring.

Harmattan News

(From Our Own Correspondent)

The Harmattan hall club held a very nice community shower at the home of Mrs. Howard Moore on Wednesday, Feb. 9th, honoring Miss Evelyn Armstrong, a bride-elect of this month. Several contests were enjoyed by the assembled guests, the winners being Mrs. Jack Wiper, Mrs. Bill Turnbull, Mrs. Art Johnson and Mrs. A. Noakes. The guest of honor was then seated under a gaily decorated umbrella and the presents were brought in, in a decorated wagon, drawn by little Norman Howarth and Brian Dodd, also a lovely valentine box, decorated by Mrs. George Fagan, Mrs. W. Conrad and Mrs. Dave Morgan. After opening the many varied gifts the bride thanked the ladies and a very delicious

lunch was served by the hostesses.

Mr. and Mrs. Jack McDonald were hosts to the Harmattan Grain Club on Friday, Feb. 11, when they held their final meeting. Mr. Howard Fulcher and Mr. Hugh McPhail spoke briefly on the work done by the club. Owing to the hall and too much rain, which have proved very discouraging to the club, the members decided to disband for now. Prize money was distributed to members winning with their seed grain samples. They were: 1st, Miss Jean McCracken; 2nd, Don McCracken; 3rd, Arthur Knights; 4th, Miss Janice McDonald. The remainder of the funds was shared alike by Dale W. J. Glen Dodd, Billy Wiper and Tommy Armstrong, being members who had their plots hailed out this year.

Thanks are extended to Jack McDonald, club leader, for his work for the past three years.
